LOCAL INTERCONNECTION SERVICE TARIFF

Tariff Format

A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the Sheet. Sheets are numbered sequentially. However, occasionally, when a new Sheet is added between Sheets already in effect, a decimal is added. For example, a new Sheet added between Sheets 14 and 15 would be 14.1.

B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each Sheet. These numbers are used to determine the most current Sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in its tariff approval process, the most current Sheet number on file with the Commission is not always the Sheet in effect. Consult the Check Sheet for the Sheet currently in effect.

C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of code is subservient to its next higher level:

SECTION 2 – RULES AND REGULATIONS (CONT’D)

2.4 SERVICE AVAILABILITY

2.4.1 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of Service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers’ Service. No specific advance notification period is applicable to all Service activities. With some emergency or unplanned Service-affecting conditions, such as an outage resulting from a loss of power or damage to facilities or equipment, notification to the Customer may not be possible.

C. The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the Service provided to the Customer.

LOCAL INTERCONNECTION SERVICE TARIFF

SECTION 3 LOCAL INTERCONNECTION SERVICE

3.1 SERVICE OFFERING

3.1.1 Regulations

A. Subject to the terms set forth following, the purpose of this Tariff is to provide an overview of Local Interconnection Service (“LIS”) and the terms and conditions under which LIS is offered.

B. Facilities and equipment of a type and/or quantity necessary to provide LIS are not available on a ubiquitous basis in the Company’s service area(s). To limit the real potential for stranded investment, recurring and nonrecurring costs will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for Service. Charges will be offered to the Customer in writing and on a nondiscriminatory basis.

C. Upon receipt of a bona fide request for LIS from a Customer, Company will negotiate in good faith with the Customer to enter into an agreement that effectuates the terms and conditions set forth in this Tariff.

D. LIS is available to Customers for resale to retail Subscribers.

E. The Customer must comply with all applicable FCC regulations governing the provision of interconnected Voice over Internet Protocol (“VoIP”) service. In addition, it is the Customer’s sole responsibility to comply with all applicable laws and regulatory requirements.

F. LIS does not support “nomadic” VoIP services. As provided elsewhere in this Tariff, the Customer must provide its services to Subscribers at a fixed service address.

G. The terms and conditions set forth in this LIS Tariff are in addition to the terms and conditions found in Section 2 proceeding, of this Tariff.

3.1.2 Definitions

For purposes of this Section 3, the following defined terms shall have the meaning indicated:

A. “Customer” means the provider of retail interconnected VoIP services, as defined in 47 C.F.R. § 9.3, that purchases LIS from the Company in order to serve its own customers, which are the Subscribers to the interconnected VoIP service provided by the Customer.
SECTION 3 – LOCAL INTERCONNECTION SERVICE (CONT’D)

3.1 SERVICE OFFERING (CONT’D)

3.1.2 Definitions (Cont’d)

B. “Subscriber” means the interconnected VoIP end-user customer of the Customer.

C. LIS provides a connection between a Customer’s broadband facilities and the public switched telephone network, and related Services described herein. In order to make use of the Company’s LIS, Customer’s broadband facilities must consist of an IP-based, broadband connecting Facility between the Customer and the Premises of each Subscriber that has the ability to use a Cable Modem Termination System (CMTS) employing the network-based call signaling specified by Cable Television Laboratories, Inc. (CableLabs®), a soft switch, a media gateway, and appropriate Customer Premises Equipment. LIS does not support Customers providing services to Subscribers that operate using a different format than provided by the Company.

D. The IP-based, broadband connecting Facility between Customer and Subscribers, the CMTS, the soft Switch, the connecting Facilities to the Company’s media gateway, and all Customer Premises Equipment must be provided by the Customer or its Subscribers and is not included as part of LIS. The Company will only accept and deliver traffic in time division multiplex (“TDM”) protocol. The Customer shall, at its sole cost, be responsible for providing all equipment, software, facilities and IP connectivity necessary for the Customer to provide interconnected VoIP services to its Subscribers.

E. LIS is available to Customers where suitable Facilities exist, are technologically available, and are operationally and economically feasible.

F. LIS provides standard 10-digit telephone numbers with associated two-way local exchange telecommunications service to permit Customers to provide local interconnected VoIP service to Customer’s Subscribers. Where available in a service territory, LIS may also include support for the provision of 911 capability, Telecommunications Relay Services (711) and Directory Listings. Toll services, operator services and directory assistance are not included in LIS. LIS does not support calling to 976 or similar exchanges or to calls to the 900 Service access code.

To the extent that changes in Company Obligations affect the terms and conditions under which the Company may provide LIS, including being unable to provide LIS at all, the liability of the Company for any such changes shall be subject to the limitation of liability provisions set forth in Section 2 and this LIS Tariff.

1. Customer shall, at its sole cost, be responsible for providing all equipment, software, Facilities and IP connectivity (including connectivity to Subscribers) necessary for the Customer to provide interconnected VoIP service to its Subscribers.

To the extent that failure to provide ANI or other signaling information leads to increased charges from third parties to the Company as a result of the Company Obligations, the Company may recover all such increased charges, as well as the Company’s reasonable costs associated with defending against and/or administering such increased charges, from the Customer. If for two months in any twelve month period the Customer sends calls to the Company lacking required signaling information in excess of 5% of all calls during such months, the Company may terminate LIS to the Customer immediately with no liability from the Company to the Customer for such termination.

The Customer will provide notice of its intent to renew at least 90 days prior to expiration of the Term.

B. In the event of early termination of LIS by the Customer before the expiration of the Term, the Company may assess a Termination Charge equal to 100% of all monthly recurring charges multiplied by the number of months left in the Term. Such early Termination Charges do not constitute a penalty under this Tariff but are assessed in order for the Company to fully recover costs associated with providing LIS.

3.1.6 Local Number Portability

A. Porting In. As between the Company and the Customer, the Customer may act as the Company’s agent in obtaining Subscriber requests to port a telephone number from a third party telecommunications provider to the Company so that the Customer may provide interconnected VoIP service to the Subscriber using that ported number. The Customer represents and warrants that it has all necessary rights and authority necessary for any Port-In it requests, will provide copies of letters of authority authorizing the same (or access to recordings of third-party verification of Customer ports) upon request and shall indemnify, defend and hold harmless the Company and its affiliates from any third party claim related to or arising out of any Port-In (or request for Port-In). The Customer shall not request a Port-In in any situation that does not meet the definition of “number portability” contained at 47 C.F.R. § 52.21.

B. Porting Out. The Company shall honor requests received from third-party providers of telephone exchange service to port to such a provider a telephone number currently assigned to a Subscriber (“Port-Out”). 3.1.7 Emergency 911 Service

A. Subject to technical limitations which may vary from market location to market location, the Company may offer 911 Services as part of LIS, subject to the limitations stated herein.

B. The Customer shall ensure that a Subscriber does not use LIS from a Location different from the Subscriber’s address and shall further ensure that telephone numbers are assigned to Subscribers whose primary address is within the rate center (as defined by the Incumbent Local Exchange Carrier) associated with such telephone number.

C. 911 Services may not function, or may not function properly: (i) if a telephone number is assigned to a Subscriber located outside of the ILEC rate center associated with such telephone number; (ii) if a Subscriber attempts a 911 call from a Location different from the Subscriber’s address provided to the Company by the Customer; (iii) during a disruption of power at the Subscriber Location; (iv) during a loss of connectivity to the Subscriber Location due to network outages or other degradations of service, whether in the Company’s network or an interconnecting network; (v) during any period where Service to a Subscriber has been cancelled or suspended for any reason (including suspensions or cancellations for failure to pay or other default); (vi) if incorrect or invalid Subscriber address information is provided, or if such information is not updated in the event of a change in primary Location; or (vii) if equipment provided to or used by the Subscriber fails to function or is improperly installed or configured.

IN ADDITION TO THE GENERAL LIMITATION OF LIABILITY SET FORTH IN SECTION 2 OF THIS TARIFF, NEITHER THE COMPANY, ITS AFFILIATES, SUBSIDIARIES, OFFICERS OR EMPLOYEES SHALL BE LIABLE TO CUSTOMER, SUBSCRIBER OR ANY THIRD PARTY FOR ANY DIRECT, SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE OR CONSEQUENTIAL COSTS, DAMAGES OR LIABILITIES, INCLUDING DAMAGE TO GOOD WILL, ECONOMIC LOSS, LOST PROFITS, OR OTHERWISE, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT OR TORT (INCLUDING STRICT LIABILITY), WHETHER FORESEEN OR FORESEEABLE, ARISING FROM THE COMPANY’S PROVISION OR FAILURE TO PROVIDE SERVICES.
SECTION 4 RATES

4.1 RATES AND CHARGES

A. Facilities and equipment of a type and/or quantity necessary to provide LIS are not available on a ubiquitous basis in the Company’s service area(s). To limit the real potential for stranded investment, recurring and nonrecurring charges for Customer-determined Service configurations will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for Service. Charges will be offered to the Customer in writing and on a nondiscriminatory basis.

B. The charges for LIS may be revised from time-to-time on one month’s notice.

C. Charges for Service are exclusive of taxes. Except for taxes that the Company must remit directly based on the Company’s income, the Customer will be responsible for all taxes that arise in any jurisdiction, including value added, consumption, sales, use, gross receipts, foreign withholding (which will be grossed up) excise, access, bypass, franchise or other taxes, fees, duties, charges or surcharges imposed on or incident to the provision, sale or use of Service (whether imposed on the Company or any affiliate of the Company). Such charges may be shown on invoices as cost recovery fees. The Customer may present the Company a valid exemption certificate and the Company will give effect thereto prospectively.

4.1.1 General

A. The rates set forth below apply generally, although the Company will negotiate Customer contracts based on volume and other reasonable, individualized considerations.

B. Nonrecurring charges will apply to Customer requests for connecting, moving, or changing Service. These charges are in addition to any other scheduled rates and charges that would normally apply under this Tariff.

C. Charges for the connection, move, or change of Service may apply for work being performed during the Company’s normal business hours. If the Customer requests that overtime labor be performed at a premises on the day or days of the week other than normal work hours or on holidays, or interrupts work once it has begun, an additional charge may apply based on the additional costs involved.

D. Changes in location of the Customer’s Service from one premises to another may be treated as new Service connections with the appropriate Service Charges applying.
