If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

(3) A credit adjustment will not be made if the outage is caused by the Customer or if a satisfactory replacement Service is provided to the Customer. A final order is considered more favorable if it differs by 10% or more from the recommended settlement in favor of the rejecting party. C. Discontinuance of Service for Cause (Cont’d)

6. In the event of fraudulent use of the Company’s network, the Company may without notice immediately suspend or discontinue LIS. The Customer will be liable for all related Costs. The Customer will also be responsible for payment of any reconnection charges.

7. Upon the Company’s discontinuance of LIS to the Customer under this Section, the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this Tariff, may declare all future monthly and other charges which would have been payable by the Customer during the remainder of the Term for which LIS would have otherwise been provided to the Customer to be immediately due and payable.

8. In the event a Customer’s LIS is discontinued for any reason, it is the Customer’s responsibility to ensure its affected Subscribers have access to an alternative 911 service.

3.6.7 Local Number Portability

A. Porting In. As between the Company and the Customer, the Customer may act as the Company’s agent in obtaining Subscriber requests to port a telephone number from a third party telecommunications provider to the Company so that the Customer may provide interconnected VoIP service to the Subscriber using that ported number. The Customer represents and warrants that it has all necessary rights and authority necessary for any Port-In it requests, will provide copies of letters of authority authorizing the same (or access to recordings of third-party verification of Customer ports) upon request and shall indemnify, defend and hold harmless the Company and its affiliates from any third party claim related to or arising out of any Port-In (or request for Port-In). The Customer shall not request a Port-In in any situation that does not meet the definition of “number portability” contained at 47 C.F.R. § 52.21.

B. Porting Out. The Company shall honor requests received from third-party providers of telephone exchange service to port to such a provider a telephone number currently assigned to a Subscriber (“Port-Out”). Prior notice of Port-Outs will not be provided. The Company will support such third-party Port-Out requests in accordance with the Company’s standard operating procedures.

C. Directory Listings.

1. The Company will assist Customer in the provision of directory listings to its Subscribers through third-party providers.

2. The Customer shall be responsible for all costs incurred by the Company in the provision of directory listing services to the Customer’s Subscribers, including any charges or liability resulting from the Customer’s use of services provided by a third-party service provider. Such costs are not included in the rates specified in Section 4.1 of this LIS Tariff.

3. The Company is not liable for damages arising from errors or omissions in the making or printing of directories by any such third-party service provider, or in accepting listings presented by the Customer.

C. 911 Services may not function, or may not function properly: (i) if a telephone number is assigned to a Subscriber located outside of the ILEC rate center associated with such telephone number; (ii) if a Subscriber attempts a 911 call from a Location different from the Subscriber’s address provided to the Company by the Customer; (iii) during a disruption of power at the Subscriber Location; (iv) during a loss of connectivity to the Subscriber Location due to network outages or other degradations of service, whether in the Company’s network or an interconnecting network; (v) during any period where Service to a Subscriber has been cancelled or suspended for any reason (including suspensions or cancellations for failure to pay or other default); (vi) if incorrect or invalid Subscriber address information is provided, or if such information is not updated in the event of a change in primary Location; or (vii) if equipment provided to or used by the Subscriber fails to function or is improperly installed or configured.

D. 911 Services may not function correctly until correct and valid address information has been input into the appropriate database(s), which may occur after initial Service activation.

E. The Customer’s agreements with Subscribers shall contain the following: (i) an explanation of the limitations on the functionality of 911 Services, including those set forth in this Section, which the Company may supplement from time to time; and (ii) a release in favor of the Customer and the Company relating to claims arising out of the failure of 911 Services to function properly for the reasons set forth in this Section.

Telecommunications Relay Service enables hearing-impaired or speech-impaired persons who use a text telephone or similar devices to communicate freely with the hearing population for using the text telephone and vice versa. The Company does not impose any charge to end users for access to Telecommunications Relay Service. However, persons using this Service are liable for applicable per call/increment charges.
SECTION 4 - RATES AND CHARGES, (CONT’D.)

4.7 Rates By Individual Contract Basis (ICB)

In lieu of the rates otherwise set forth in this tariff, rates and charges, including minimum usage, installation, special construction and recurring charges for the Company’s services may be established at negotiated rates on an individual contract basis (ICB), taking into account the nature of the facilities and services, the costs of construction and operation, the volume of traffic, the length of service commitment by the Customer, and use of facilities by other Customers. Such arrangements shall be considered Special Pricing Arrangements, the terms of which will be set forth in individual Customer contracts. However, unless otherwise specified, the terms, conditions, obligation and regulation set forth in this tariff shall be incorporated into, and become a part of, said contract, and shall be binding on the Company and the Customer. Specialized rates or charges will be made available to similarly situated Customers on a non-discriminatory basis.

In addition to any rate or charge established by the Carrier, the Customer will also be responsible for any recurring or non-recurring charges imposed by local exchange telephone companies incurred by or on behalf of the Customer in establishing and maintaining service. Such charges may be billed by the Carrier or directly by the local exchange company, at the Carrier’s option.
SECTION 4 - RATES AND CHARGES, (CONT’D.)

4.8 Promotional Offerings

The Company, from time to time, may make promotional offerings of its services, which may include waiving or reducing the applicable charges for the promoted service. Promotions will be filed as separate tariff sheets under this section 4.7.

All promotions will be limited in duration, and will identify a definite, reasonable time period during which the promotion will be in effect. A promotion may also be limited as to the locations where the offerings are made. A promotion may also, if so designated, provide for its conclusion upon the occurrence of a promotion-related event that is reasonably certain to occur, although the timing may not be certain.

Promotions will be implemented with at least one days’ notice prior to the effective date of each promotion.
