TARIFF FORMAT

- A. Page Numbering** – Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the Tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between sheets 14 and 15 would be 14.1.
- B. Page Revision Numbers** – Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Michigan Commerce Commission. For example, the 4th Revised Page 14 cancels the 3rd Revised Page 14. Because of various suspension periods, deferrals, etc., that the Commission follows in its tariff approval process, the most current page number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the page currently in effect.
- C. Paragraph Numbering Sequence** – There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Sheets** – When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the pages contained in the Tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by the symbols given on the symbols sheet. There will be no other symbols used on this page if these are the only changes made to it (*i.e.*, the format remains the same, just revised revision levels on some pages). The Tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

Within ten (10) days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of Service, to protect its facilities, equipment and personnel from harm.

SECTION 2 – RULES AND REGULATIONS, CONT'D.

2.7 INTERRUPTIONS OF SERVICE

2.7.1 General

Upon Customer request, the Company will credit a Customer's account for Service interruptions that are not due to the Company's testing or adjusting, failure of facilities or services of other companies relied upon by Company to provide Service, negligence of the Customer, or to the failure of channels, wiring, equipment, facilities or power provided by the Customer. Before requesting a credit, the Customer will take reasonable steps to verify that the trouble could not have been prevented by the Customer and is not in the channels, wiring, equipment, facilities or power provided by the Customer. For purposes of computing a credit, a month consists of 720 hours. The Company will credit the Customer's account at the rate of 1/720th of the monthly charge for each full hour of any interruption. Unless the Customer causes the late billing, the Company shall explain the reason for the late billing and shall advise the Customer that suspension/termination of Service is not permitted for charges billed in excess of six (6) months after the Service was provided. If for two months in any 12 month period the Customer sends calls to the Company lacking required signaling information in excess of five percent of all calls during such months, the Company may terminate Local Interconnection Service to the Customer immediately with no liability from the Company to the Customer for such termination.

Unless otherwise agreed by the Company and the Customer on and Individual Case Basis, Local Interconnection Service is not to be used with any “virtual numbering” or foreign-exchange-like arrangements.
- F.** The Company and the Customer will conduct interoperability testing prior to the Customer’s implementing any software or call flow upgrade, enhancement or modification thereto.
